

## High Performance Asset Management 2008 West Coast Summit

**Wednesday, April 30, 2008**  
**Columbia Tower Club**  
**8:00 a.m. – 1:00 p.m.**

Please join us for an extraordinary speaking engagement presented by Dave Mosby, Former Director for the State of Missouri Office of Administration Division of Facilities Management, Design and Construction.

Mr. Mosby will share the State of Missouri's High Performance Asset Management Solution. A innovative, holistic approach around the integration of existing technologies in real estate, operations, energy and construction asset management to reduce energy cost and emissions through real time facilities information management.

The solution encompassed the upgrade of over 32 million square feet of facilities control and information management systems to gain efficiencies around the management of all buildings and to provide a significant return on investment in:

- Real Estate
- Energy
- Operations & Maintenance
- Communications

The day's agenda includes:

- Continental Breakfast
- High Performance Asset Management – The State of Missouri's Solution
- Mastering Building Lifecycle Management
- Live Demo of the Facilities & Energy Information Management Portal
- Panel Discussion
- Luncheon

The event will be at the Columbia Tower Club in downtown Seattle.

If interested in attending this **free** event please contact J.R. Santos at [jrsantos@talisentech.com](mailto:jrsantos@talisentech.com) for more details.

**Further details will follow.**
